

AFTER MARKET SITE FOR Y. M. C. A.

Prominent Citizens Appear Before Council Committee in Advocacy of Proposition.

STREET CLEANING AGAIN

Small Matters Consumed Time of Committee Last Night—Day in City Hall.

The Council Committee on Markets last night heard a delegation of citizens in advocacy of the petition of certain merchants and business men along lower Main Street, that the city sell to the Railroad Young Men's Christian Association the site of the Old Market building upon terms to be agreed upon by arbiters. After the subject had been discussed for nearly an hour by the visitors and by the committee, a motion made by Mr. Umlauf, that the committee visit the site and inspect the surroundings before taking further action, was adopted.

Among those present in advocacy of the proposition were Mr. C. Lomax, Mr.

A mother should be a source of joy to all, but the suffering and danger incident to the ordeal makes its anticipation one of misery. Mother's Friend is the only remedy which relieves women of the great pain and danger of maternity; this hour which is dreaded as woman's severest trial is not only made painless, but all the danger is avoided by its use. Those who use this remedy are no longer despondent or gloomy; nervousness, nausea and other distressing conditions are overcome, the system is made ready for the coming event, and the serious accidents so common to the critical hour are obviated by the use of Mother's Friend. WAS ARRESTED UNDER SAO CIRCUMSTANCES

Fred Cox in Hands of Law as Wife's Body Arrives for Burial.

The arrest of Fred Cox, formerly of North Carolina, by Deputy United States Marshal Sam Benditt, in Henrico yesterday afternoon, just after the remains of the man's wife arrived here for burial, was an incident of peculiar pain to all concerned.

Mr. Cox was arrested at his home, near the Fair Oaks distillery, in which he is interested, upon the charge of having some time ago violated the United States distillery laws near Raleigh, N. C., where he also had interest in a liquor plant.

The United States authorities did not know of the arrival of his wife's remains when the paper was served on Cox, and he was brought before Judge Waddill at once and bailed for his appearance next Saturday before the United States court at Raleigh.

He was allowed bail in the sum of \$2,000. Mr. V. Donald becoming his surety.

Mr. Cox has made his home in Henrico, near the Fair Oaks distillery, since he has been engaged there, while his wife was at Raleigh. She died suddenly Sunday, and he wired that her remains be brought here for burial. Mr. Cox attended the funeral just after being bailed. Deputy Marshal Benditt said last night that another arrest would follow in the

DEPOSE D. J. CRAPSEY BY SIMPLE CEREMONY

Only Few Persons Witness Uncommon Proceedings—Bishop Walker Officiated.

RUFFALO, N. Y., December 4.—Bishop Walker, of the Protestant Episcopal diocese of Western New York, to-day formally deposed the Rev. Algernon S. Crapsey, rector of St. Andrew's Church, Rochester, N. Y., from the Episcopal church. The ceremony took place in St. John's Episcopal Church, and was witnessed by three Episcopal ministers selected by the bishop to act as official witnesses.

The ceremony was a simple one, opening by the recitation of the apostles' creed by the bishop. The collects were then read and the Lord's Prayer followed. At its conclusion Bishop Walker walked to the front of the chapel, and taking his seat in the center, read the words which formally deposed Dr. Crapsey from the ministry. Upon concluding, Rev. Berry read another collect. Bishop Walker pronounced the benediction and the ceremony was at an end.

AGED MAN SHIVERED THROUGH NIGHT IN HENRICO FIELD

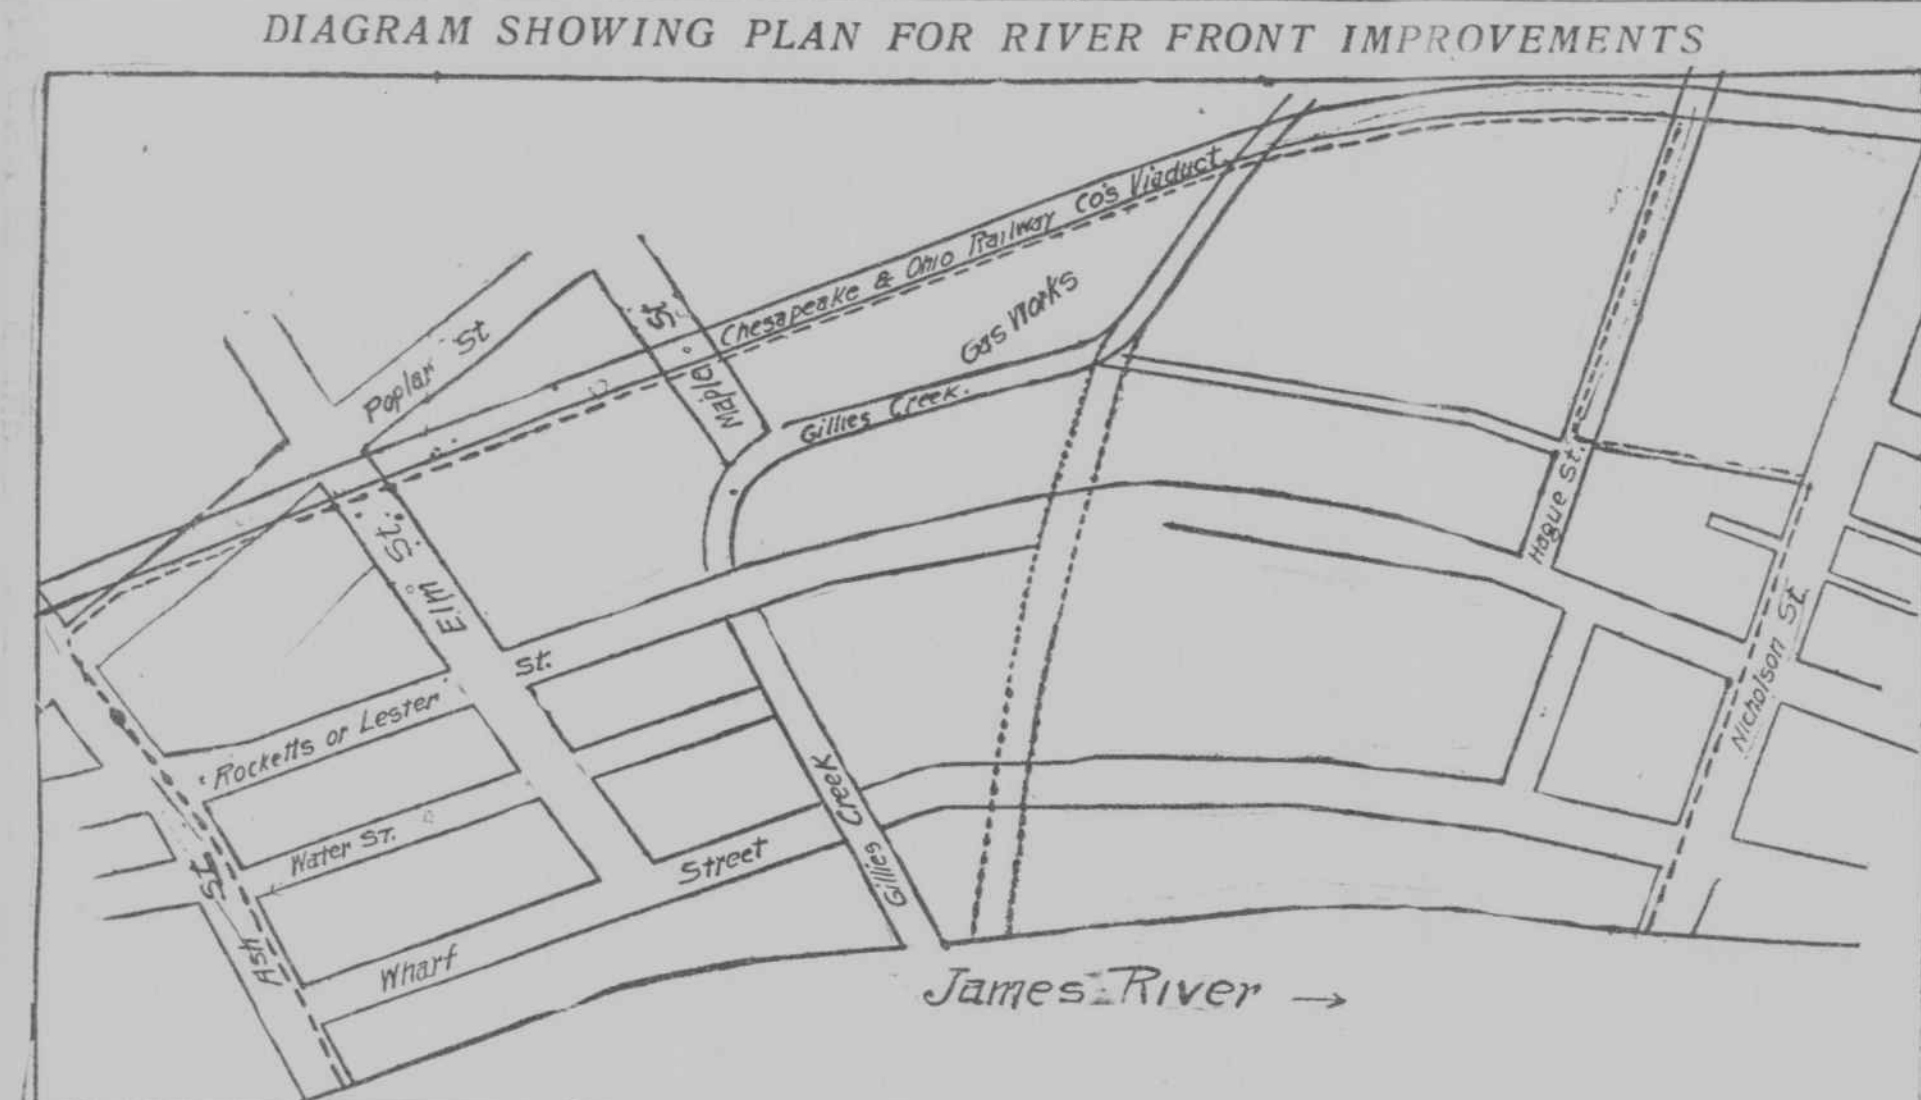

Unconscious When Discovered Yesterday Morning—Fell From Trestle and Had Eye Put Out.

Richard Foster, of Mathews county, sixty years of age, fell from a trestle on the Southern Railroad, near the Evergreen (colored) Cemetery Monday night about 12 o'clock.

The fall was fifteen feet and a stone struck him in the right eye and put it out. He was unconscious when found yesterday morning, half frozen, by Mr. D. G. Fulton, who immediately had him taken to the county courthouse. A physician was called, and the man was sent to the almshouse for treatment.

Yesterday afternoon he said that he accidentally fell from the trestle while wandering around. He did not know where he was going. The old man was scantily dressed and was shivering from cold when brought to the courthouse. He told the authorities that he had two daughters, who now live in Mathews county. He said that five years ago his wife deserted him and that he had been roaming about looking for employment for more than two years.

"I was a member of Company A, Fifth Maryland Regiment," said the aged man.

THE HEAVY BLACK LINE ENCLOSES THE SECTION OF THE RIVER FRONT TO BE PURCHASED BY THE CITY. THE DOUBLE LINE THROUGH THE DIAGRAM IS THE PROPOSED NEW ROUTE FOR GILLIE'S CREEK, WHICH WILL BE STRAIGHTENED.

George W. Brown, Mr. Jones, Mr. S. I. Thomas, secretary of the Y. M. C. A., and others.

The Plan Proposed.

The plan proposed is the sale of the site of the Old Market building for the Young Men's Christian Association building, and removal of the market to the space between Franklin and Grace Streets.

Mr. Fetterfield, chairman of the committee, vacated the chair to oppose the proposition, which he did very earnestly, declaring that it was a proposition which no business man would consider. He said himself owned the site, and would enhance the value of surrounding property.

Mr. Tolson was opposed to any action looking to a transfer of the property, unless it was safeguarded against a future transfer of the site to the railroad for its purposes. Finally Mr. Umlauf's proposition that the committee visit the site before agreeing upon any recommendation prevailed.

Great public interest is manifested in this matter, and the hope is expressed on many sides that the change may be found profitable.

STREET CLEANING.

Committee Hears Case of Policeman Who Resigned.

The Committee on Street Cleaning met last night to hear Superintendent Coburn's explanation of his explanation of the methods and needs of his department, but understood to go into other matters beforehand, with the result that it was 10 o'clock before the case was heard for the real business of the meeting. Thereupon the committee deemed it too late to take up this important

matter, and he supposed a preliminary hearing would be given both men at Raleigh Saturday.

but the evidence as it has been presented to you, and the law governing it, as given to you by the court. You have no right to permit either sympathy or favor at one or the other party to sway your judgment.

"None of us was present on the 11th of July, when it is said this crime occurred. The evidence that Grace Brown lost her life at Big Moose Lake admits of no doubt. But there is no testimony on the part of the people as to an eye-witness, as to what occurred at the fatal moment, other than the defendant's detail the last scene in the alleged tragedy. But all evidence is more or less circumstantial, whether consisting of facts which permit the inference of the guilt, or whether given by an eye-witness.

"Gentlemen, evidence is not to be discredited or derided because it is circumstantial. It may often be more reliable evidence than direct evidence.

Question of Motive.

"Something has been said with reference to the motive. Proof of motive of crime is not indispensable or essential conviction. While a motive may be shown as a circumstance to aid in fixing a crime, yet the people are not required to prove a motive. The motive in this case is said by the people to be because of the relations that existed between this man and this girl. Now, whether the situation in which he was placed furnished a motive sufficient for him to commit this crime rests with the jury to say.

"I say to you, gentlemen, that I know of no law in this case, no law that requires that a defendant should be proved at the autopsy or that he should be represented. He has no particular right to be present; in fact, he cannot be expected to be a witness. This is not an issue in the case and is not to be considered.

To Drop the "Vice" Later.

Whatever else may be said about Mr. Fairbanks, it must be admitted that he has displayed great ability in having himself continually reelected as Vice President—Los Angeles Times

SHOT FIRST MAN HE SAW.

W. D. Bradshaw Set Out With Revolver in Hand.

W. D. Bradshaw, a young white man, was drunk and had a revolver. He wanted to shoot at some one, and it chanced that Mr. George E. Hitchcock was walking on Carrington Street at the time. Without any warning whatever, it is charged Bradshaw drew his revolver and opened fire.

The first bullet pierced Mr. Hitchcock's coat and the second lodged in his arm below the elbow.

The injured man jumped behind a tree, but Bradshaw pursued and rushing up to Mr. Hitchcock, exclaimed: "I can kill you now if I want to!"

Friends of Bradshaw stopped him from going any further. Mr. Hitchcock, who was arrested by Officers Zimmer, Kellum and Flournoy. He was locked up overnight, and in Police Court yesterday morning was held for the grand jury.

He offered no defense. His friends claimed that he was intoxicated and was not at the time responsible for his actions.

STARTED A BLAZE.

Negro Woman Burned Trash in Hall of House.

There was not much hope for Josephine House when she appeared before Justice Crutcher in answer to a charge of being disorderly. Late Monday afternoon the negro woman piled up a lot of trash in the hall of her house, on Byrd Street, and then set the trash on fire. Smoke was issuing from the hall, when neighbors turned in an alarm. The department responded and extinguished the slight blaze after the floor had been burned through.

Justice Crutcher thought that Josephine ought to be shot for "being such a fool," but he reconsidered and ordered her to pay \$10. She did not have the amount.

KNOWLTON DANDERINE CO., Chicago

Administrator of Fireman Killed by Live Wire Will Bring Action in Court.

CITY IS MADE PARTY TO SUIT

The declaration in the damage suit of Eugene H. Wright's administrator vs. the Western Union Telegraph Company and others, growing out of the death of Wright, a fireman, last June, while responding to an alarm of fire at the office of the Richmond Evening Journal, was filed yesterday in the Law and Equity Court. It may be of interest to state that the city of Richmond is made a party defendant to the suit by reason of its failure to enforce an ordinance passed several years ago requiring electric current, telephones and telegraph wires to be placed in underground conduits, with the simple exception of trolley wires within a prescribed district, including the scene of the fire. Damages in amount of \$10,000 are asked by the plaintiff.

The parties defendant to the suit are the Western Union Telegraph Company, the Virginia Passenger and Power Company, the Richmond Passenger and Power Company, the Richmond Traction Company, the Virginia Electrical Railway and Development Company, Henry T. Wickham and William Northrop, receivers, and the city of Richmond.

In addition to detailing the circumstances of Wright's death, which was due to contact with a Western Union wire with a heavily charged wire of the trolley line, which sagged at Eighth and Broad streets, the declaration quotes almost the entire text of the city ordinance requiring wires to be placed underground. The death of Wright in the discharge of his duty is directly charged to negligence upon the part of any or all of the defendants.
